

# Griselda Gui

SENIOR MULTIMEDIA DESIGNER

“Do your best, and be a little better than you are.”

My non-stop curiosity about the latest design trends keep me on my toes for all times. I am always up for a challenge, and will always push myself to achieve never-ending improvement in every circumstance.

Motion graphics and photo manipulation are my passions, but I am currently expanding my horizons by involving myself in assisting, planning, and executing design projects and other creative materials.
